

 **INTERNET LITE**

Is your small business in need of a reliable internet connection? DQE has a solution for you!

DQE Internet Lite is ideal for Small Businesses, Medical offices, Retail and Restaurant establishments and organizations with limited staff members requiring a connection to complete typical day-to-day office tasks.

DQE Internet Lite Highlights:

- 3 bandwidth levels available (75, 150 or 300 Mbps)
- Flat rate pricing
- 100% fiber optic network - built, owned and maintained by DQE Communications
- Symmetrical upload/download speeds
- Secure web portal enables you to monitor bandwidth usage and network performance
- Simple to use and maintain, which means less downtime and cost effectiveness
- Locally based NOC and in-office technicians available 24x7x365

For companies that require a more cost-effective internet service but demand reliability and local expertise, DQE's Internet Lite is the perfect fit for you.

Contact DQE today to discuss how this solution can benefit your business.

* Certain service restrictions may apply - contact your DQE representative for details.
