INTERNET PRO

A Reliable Foundation for Your Business

DQE COMMUNICATIONS

Empower Your Business with InternetPro

Designed for small to medium sized businesses, InternetPro provides blazing-fast, reliable connectivity, ensuring your operations run smoothly every day.

Key Benefits:

- **High-Speed Data Transfer:** Effortlessly handle the demands of video conferencing, file transfers, voice over internet protocol (VoIP) and streaming.

- **Scalable Plans:** Flexible pricing and bandwidth options that grow with your business.

- **24/7 Local Support:** Personalized, locally based, professional and technical assistance keeps your business online.

- **Seamless Installation:** Professional setup with minimal downtime.

- **Comprehensive Wi-Fi Coverage:** Reliable coverage throughout your space, managed via our app.

- **Powered by Fiber:** Unmatched reliability and speed from DQE's fiber network.

- **Dynamic Network Control –** Monitor performance and adjust bandwidth through our secure Customer Control Center (CCC) app.

Why Choose DQE?

- **100% Fiber-Optic Network:** High-bandwidth, low-latency, and unmatched reliability.

- **Easily Scalable:** Redundant, core architecture supports growth without service interruptions.

- **Round-the-Clock Support:** Local NOC monitoring 24/7/365 ensures your business stays connected.

- **Self-Healing Architecture:** DQE's redundant core ring ensures maximum reliability, automatically rerouting traffic in case of fiber damage.
